	EMGRISA	-
	MISSION AND VISION	REV.03

The **Empresa para la Gestión de Residuos Industriales**, Sociedad Anónima, S.M.E., M.P. (hereinafter EMGRISA) is 100% public owned company constituted by the State of Spain to carry out the objectives of the national plans of industrial waste and soil decontamination.

The corporate policy is:

- Management of all types of industrial and urban waste (solid, liquid or gas), as well as the construction and exploitation of facilities such as waste treatment plants, waste storage facilities, landfills and the elaboration of corresponding design projects.
- Soil & groundwater quality characterisation and remediation services including the subcontracting of laboratories for analyses.
- Provision of environmental inspection, environmental audits, environmental impact assessments and environmental risk analyses.
- Investigation, development and implementation of systems, procedures, products, patents and useful models, all related to the above paragraphs.
- Provision of technical services, environmental consultancy & engineering for the public administrations.

In this order, the **mission** of Emgrisa is:

- To provide society and our clients **solutions and tools** designed to **implement environmental commitments** in a **safe, efficient and responsible manner**.

And with a **permanent vision** of:

- "To be a **reference** in the recovery and preservation of the places where human life develops, guaranteeing the right to enjoy a clean environment, through an ongoing commitment for the **satisfaction of clients and society**, based on the development of a **competitive organization**."
